### Substitute Bill to Tax Cigaretts Will Be Rushed to Vote

Gov. Green Vetoes Act  
Held Invalid by Atty.  
General Barrett

Springfield, Ill., May 20.—(AP)—Governor Green's new two-cent cigarette tax bill, drafted to replace the original measure held unconstitutional by Attorney General George F. Barrett, was pushed forward in the Illinois House today as administration leaders predicted final legislative action by next week.

The Republican majority voted down, 91 to 37, a Democratic move to send the new tax bill to the judiciary committee and the measure was advanced to second reading, with House passage expected Thursday.

Minority Leader William Vicars of Pontiac led the Democratic attempt to send the bill to the judiciary committee for study, declaring that "it is a reflection on this House that the administration railroaded the first bill through in two weeks without giving us a chance to make it constitutional."

Vicars suffered a second setback a few minutes later when he introduced a bill to exempt food from the state sales tax and unsuccessfully sought to have it advanced without reference to the revenue committee.

**Food Bill to Committee**  
The bill was sent to the committee by a vote of 70 to 66 after Majority Leader Frederick W. Rensick said that "the administration has tried to find a way to take the sales tax off food but legal advisers say it can't be done without changing the constitution."

Answering Democratic objections to rushing the new cigarette tax through the legislature, Rensick said that every day's delay in setting up the tax program after July 1 would lose \$30,000 in taxes for the state.

"Even if we pass the bill by May 28 the finance department still cannot set up the tax machinery by July 1, when the tax becomes effective," Rensick said.

The Republican leader estimated that it would take 40 days to set up the cigarette tax machinery, including printing of tax stamps.

**Veto Message Read**  
Acknowledging the attorney general's criticism that the original cigarette bill passed by the legislature two weeks ago was unconstitutional, the governor in his veto message said that "nothing in the attorney general's opinion indicates that a valid act with respect to such taxation cannot be drafted."

The new tax bill retains the tax of one mill per cigarette—or two cents per package of 20—but is worded differently to overcome the constitutional defects pointed out by Barrett.

**Keystone of Program**  
The cigarette tax, which administration fiscal advisers believe will raise \$20,000,000 in the 1941-43 biennium, is the keystone of Governor Green's financial program to permit the state sales tax to drop to two per cent on July 1. In addition to the cigarette tax, additional taxes on oil and liquor have been voted by the legislature to compensate for the loss of \$65,000,000 which will result from cutting the sales tax from three to two per cent.

The administration's biennial emergency relief bill appropriating \$61,655,000 for the 1941-43 biennium—a reduction of \$30,442,000 from the 1939-41 biennium appropriation—passed the House and was sent to the Senate last night by a vote of 123 to 1 after little debate.

**Minority Leader Alone**  
The lone opponent was Minority Leader William Vicars of Pontiac.

### Donald McGowan, 16, Placed on Probation

Donald McGowan, 16, of this city, was admitted to probation for a period of one year, when he pleaded guilty to an information charging him with tampering with an automobile, filed in Lee County court late yesterday afternoon. State's Attorney M. C. Pines and Chief J. D. Van Bibber recommended the probation after an investigation had been conducted by Probation Officer Mrs. Louis Gramp. McGowan and Carl McCoy were arrested ten days ago by Sergeant Edward Mahan of the state police force and confessed to the theft of six automobiles and one truck in Dixon and Sterling in a period of two weeks. McCoy is still confined in the county jail.

### Son-in-Law of One of Five Victims of Slayer Confesses

Brookville, Ind., May 20.—Sheriff William A. Winegard of Dearborn county announced today that Virginus Carter, 33, had signed a full confession to the slaying of five persons on an isolated farm near here Friday. Sheriff Winegard said the confession was made after all-night questioning by Indiana state police at Indianapolis, where a lie detector was used, and after Carter was returned to custody of Dearborn county authorities at daybreak.

Lawrenceburg, Ind., May 20.—(AP)—Virginus (Dink) Carter, 33, of Aurora, Ind., was held today for the Dearborn county grand jury pending further investigation of the killing of five members of a back-country farm family.

Coroner Harry T. Moon last night ordered him held without charge. He was taken into custody Saturday, the day the slayings were discovered.

The dead, slain with shotgun blasts in the head or neck, are Johnston Agnew, 60, Jefferson ordinance proving ground worker; his wife, Nina, 60; their sons, Leo, 24, and William, 30, and their granddaughter, Mary Elizabeth Breeden, 12.

Sheriff William A. Winegard said they were killed Friday. The next day neighbors and officers found corpses scattered over the

### Chicago Bankers Called to Dixon to Testify in Edwards Estate Contest

Officers of four of the largest mid-western banking institutions in Chicago were scheduled to be in Dixon this afternoon to testify at a hearing before Judge Leon A. Zick of Oregon in Lee county Circuit court, on the contested claim of Attorney H. C. Warner in the estate of the late Judge Harry Edwards. The widow of the late jurist is the plaintiff and is represented by Attorneys Robert L. Bracken of this city and George E. Pines of Chicago.

The four Chicago bank officials who were to testify in behalf of the plaintiff are: R. M. Frisby of the Harris Trust Co., F. H. Bengel of the Northern Trust Co., John Lewis of the First National bank, and L. H. Fisher of the American Trust & Savings bank.

### Nominations for Important State Positions Made by Governor Green

Springfield, Ill., May 20.—(AP)—Nominations of two key administration employees were submitted to the state senate today by Governor Green's office. Those named by the governor were Dr. Harry R. Hoffman of Chicago as state alienist in the department of public welfare, and Robert Gordon of Urbana as assistant state director of labor.

Dr. Hoffman also becomes head of the Psychiatric Institute in Chicago. He succeeds the late Dr. H. Douglas Slinger in both posts. Gordon's appointment would make him successor to A. L. McInerney of Chicago who has resigned.

The governor's choice for state alienist has been director of the Behavior Clinic of the Criminal court of Cook county since its op-

### Passengers, Crew of Zamzam in Nazi- Controlled Country

Berlin Claimed Vessel  
Carried Contraband  
for Enemy Forces

By The Associated Press  
Berlin, May 20.—The 8,229-ton Egyptian passenger liner Zamzam has been sunk by the German navy—presumably by a surface raider—and the 322 passengers and crewmen, including 138 Americans, are safe in German-occupied territory, authorized Germans reported today.

"The sinking, seemingly, occurred many days ago—the Germans did not say when—for the trip from the South Atlantic lane she was following to the nearest German-held territory is a long one of itself."

"The Zamzam left Recife, Brazil, for Capetown, Union of South Africa, on April 8, expecting a 14-day crossing. Her departure from New York was on March 20."

"France, it appeared, was the likeliest territory for the landing of passengers and crew. Presumably they were taken there by the victorious raider or an auxiliary."

"Safe, Well Cared For"

Authorized sources said simply that those from the Egyptian motorship were "safe and well cared for in German-occupied territory."

"The vessel was destroyed with the most exacting regard for all international agreements," a spokesman said.

"The ship carried contraband intended for the enemy. German naval units observed every regulation in meeting the situation."

"It might be called a perfect example of the war on sea commerce carried out according to regulations."

The ship was carrying 24 American ambulance drivers and 20 ambulances from New York to Alexandria for service with the British and "Free French" forces in Africa. In all, 138 Americans were aboard.

**Press Comment Denied**

Germans quoted the American and British press in which the sinking of the ship was called an instance of nazi barbarism or the beginning of unrestricted sea warfare.

"The facts show that it was anything but the kind, indeed it was an instance of the most humane and legal destruction of a vessel which was bringing most valuable supplies to the enemy," a spokesman said.

The Germans did not say where

### West Brooklynites in Auto Accident

Russell Stevens and Elmer Olson of West Brooklyn were taken in custody at 3:30 o'clock this morning by Sergeant Edward Mahan of the state police force, following an accident in Grand Detour, Stevens having been reported to have driven a car which failed to negotiate the curve at Beck's corner on state highway route 2, the machine leaving the highway and crashing down a 20-foot embankment into a gravel pit.

Stevens suffered minor cuts about the head and one ear was badly torn. Olson sustained minor cuts and bruises and the car was badly damaged. Sergeant Mahan brought both men to the Dixon police station where they were being held. Both were to be taken to Oregon later in the day where Sergeant Mahan stated he would file charge of drunken driving against Stevens in Ogle County court. According to the state officer Stevens figured in an automobile crash on U. S. route 51 in September, 1938 in which eight persons were injured and one was killed.

Best-informed opinion was that the chief executive might transmit, without comment, a factual report on recent foreign developments, reviewing the trend toward closer "collaboration" between Germany and France, and the hostilities in the Middle East.

**One-Stop Service Takes  
Allis-Chalmers Agency**

Neil Howell, manager of the Dixon One-Stop service station on Peoria avenue, today announced an important expansion in the local business circles, in taking over the agency in this territory for the complete Allis-Chalmers line of farm equipment as well as the New Idea agricultural machinery line.

Sales, service and the parts department will be located on the second floor of the Dixon One-Stop Service. Twenty-four hour service will be provided to customers with experienced mechanics to make any repairs on both lines of agricultural equipment. Leslie Stultz will be in charge of the sales department and Wilson Woodrow will direct the service section. The best service available with a complete supply of parts for both the Allis-Chalmers and New Idea machinery will be offered to farmers of Dixon and vicinity by the new agency.

### Lease-Lend Goods Reaching Britain "Satisfactorily"

—SENATOR BARKLEY  
"Affirmative Steps" by  
United States Not  
Yet Needed

Washington, May 20.—(AP)—Senator Barkley of Kentucky, the administration leader, said today that lease-lend war equipment "seems to be reaching Great Britain satisfactorily."

Barring a change in the situation, he added, it was unlikely that the government would take any new "affirmative steps" to see that the goods are delivered.

"Of course," Barkley told reporters, "the situation could change completely over a weekend. Right now, however, indications are that the goods are getting across and conditions are not acute."

Barkley made his statement in response to questions about the possible use of convoys. He and other legislative leaders discussed the foreign situation with President Roosevelt yesterday.

**Watching "Collaboration"**

The Kentucky senator said that the government would keep a close watch on the progress of Franco-German "collaboration," and added that "of course it would be necessary for us to take some action if Germany sought to establish herself on Martinique or other French possessions in this hemisphere."

He said that although the original armistice terms between France and Germany had prevented nazi control of the western hemisphere possession, this arrangement might be superseded by the new "collaboration" agreement.

As long as there is no change in the status of the possessions, Barkley observed, then there would appear to be no need for the United States to seize them.

There was speculation, meanwhile, that Roosevelt soon might send congress a special message on the international situation.

Best-informed opinion was that the chief executive might transmit, without comment, a factual report on recent foreign developments, reviewing the trend toward closer "collaboration" between Germany and France, and the hostilities in the Middle East.

### Thanksgiving Setup at This Time Found Unfeasible

Washington, May 20.—(AP)—President Roosevelt declared today that the experiment of moving up the date of Thanksgiving Day by a week to improve retail business had not worked and that next year Thanksgiving would be on the customary last Thursday of November.

This year, however, it will fall on the next to the last Thursday by presidential proclamation.

### Terse News

**Licensed to Wed Here—**

A marriage license has been issued by County Clerk Sterling Schrock to Henry Ihnen and Miss Mabel A. Keen, both of Rochelle.

**Sugar Grove Exercises—**

Former County Superintendent of Schools L. W. Miller will deliver the address at the annual observance of Memorial Day at the Sugar Grove church Sunday afternoon at 2 o'clock. Mrs. Leon Hart is arranging the musical program and Commander Clyde Lenox of Dixon post, No. 12, American Legion will furnish a firing squad.

**Accident in Sterling—**

A truck, driven by Harry Millhouse of Dixon, and a car driven by L. A. Bear of Route one, Dixon, figured in an accident in Sterling Monday morning. The truck stopped for a traffic light and the car ran into the rear of the truck. There was some damage to the car.

**City Pay Day Week Early—**

The Dixon city commission will hold its final meeting in the month of May on Saturday evening.

### Changes in Relief Setup at This Time Found Unfeasible

State Legislative Committee  
Makes Report on  
Investigation

Springfield, Ill., May 20.—(AP)—The Downing committee which investigated relief reported today to the legislature its conclusion that "major changes in the administration of relief and other forms of public assistance are not feasible at this time."

Eleven members of the 12-man committee headed by Senator T. Mac Downing (R-Macomb) signed the report. Rep. Robert M. Woodward (R-Chicago), vice chairman of the Downing committee, who headed a similar body in 1938, said he would urge consolidation of all forms of state aid under state supervision in a minority report to be submitted tomorrow.

The Woodward committee recommended such a consolidation three years ago to the 60th general assembly.

The majority report submitted today said that "it is conclusively evident that the people of Illinois, as a whole, want the administration of relief under local supervision for the time being," but added:

"If the defense program reduces the relief load as greatly as some

### Auto Thieves Busy in Vicinity Again

Automobile thieves operated with renewed activity in the Dixon vicinity during the night according to reports at police headquarters today. Ben Jones, 114 Everett street, reported his car having been taken from in front of his home during the night. It was later located in Oregon. It was the third time that the Jones car has fallen prey to automobile thieves.

At Oregon, a black sedan bearing Illinois license, 1-611-265 was reported to have been stolen during the night and a search for this machine was under way in this vicinity.

Sergeant Edward Mahan of the state police force, reported a 1938 model Plymouth coupe abandoned during the night at Drew's corner, west of Dixon on the Lincoln Highway. The car, which is believed to have been stolen, bore no license plates and was hauled to a local garage pending investigation.

Such a development would have the effect of swinging Russia away from the nazis, at least far enough to insure that the soviet wouldn't give active support to Hitler.

It needs only half an eye to see that this enforcement of Japanese and Russian neutrality would be a terrific blow to the axis powers. Apart from other aspects it would release strong British naval, military and air forces in the Far East for use in Europe and Africa.

By the same token, if the axis operations should force the United States into the war, we also should be able to employ units from our Pacific fleet in the European theatre. It would be a Godsend to be able to get ahead with the big show and not have to worry about the Orient.

And the alternative of an agreement with the Japanese? Well, it would mean the difference

### Another "Office" Created by Order of President; LaGuardia Its Head

Washington, May 20.—(AP)—President Roosevelt established by executive order an Office of Civilian Defense to be headed by Mayor Fiorello LaGuardia of New York.

The president separated the new civilian defense agency into two general divisions. One will be a board of civilian protection with LaGuardia as chairman and on it also will be representatives of the war, navy and justice departments, the Federal Security Administration, the Council of State Government, American Municipal Association, and the United States Council of Mayors.

It will advise and assist in formulating civilian defense measures and attempt to provide "adequate protection of life and property" in the event of emergency.

The second division will be made up of a "volunteer participation committee" which the president said would have not more than 20 members representative of various regions and interests of the nation.

LaGuardia, Roosevelt said, will draw no pay in the defense post and will retain his position as mayor of New York City.

He will arrive in Washington tomorrow, however, to take charge of setting up the agency designed to give every American citizen an opportunity to help on the defense effort.

## Strategic Island Developing Fast

### The War Today!

BY DEWITT MACKENZIE

What might have been the big news of the day, but didn't so develop, was the report published in the Russian press yesterday to the effect that the United States had taken the initiative in seeking a Far Eastern accord with Japan, this to include American mediation of the Chino-Japanese war.

Maybe the story was a trial balloon blown by somebody; perhaps it was another of those things which grow out of wishful thinking somewhere. In any event it is without confirmation.

It would be difficult, as it strikes me, to figure out an event within the realm of likelihood which would have a greater effect on the European conflict—and consequently on the destiny of our own country—than a rapprochement between the United States and Japan.

This being so, it certainly merits consideration. As a matter of fact the Russian item impels me to report in this column a thought which has been running through my mind insistently for days, to wit:

This is the appointed hour for the United States and Japan to settle their differences, if they are going to.

Study of the complicated Far Eastern situation over a long period leads me to feel that events now have rounded into such a position that the two countries could find a basis for agreement.

What is needed is for an understanding diplomacy to provide an opening for a conference.

Success not only would unravel the tangle in the Orient and wind up the bloody business in China but must inevitably shorten the European war, or so it seems to me.

That is the theme of today's column—not only the ending of the Chino-Japanese strife, but the shortening of that other terrible conflict which threatens to engulf the whole world and plunge it into chaos.

In saying this I have the feeling that many writers on military affairs—certainly this one—have devoted most of their energy to pointing out ways to wage wars with death-dealing arms, and have paid little attention to the constructive thought that battles can be won by diplomacy as well as with guns. This column today is an effort to present facts which will be constructive.

As I see it, any agreement that the United States could make with Japan would have the support of Britain. The terms which must be the inevitable outcome of any American-Japanese settlement would immediately remove Nippon from the German sphere of influence—insofar as concerned Japanese participation in the war on the side of the axis.

Such a development would have the effect of swinging Russia away from the nazis, at least far enough to insure that the soviet wouldn't give active support to Hitler.

It needs only half an eye to see that this enforcement of Japanese and Russian neutrality would be a terrific blow to the axis powers. Apart from other aspects it would release strong British naval, military and air forces in the Far East for use in Europe and Africa.

By the same token, if the axis operations should force the United States into the war, we also should be able to employ units from our Pacific fleet in the European theatre. It would be a Godsend to be able to get ahead with the big show and not have to worry about the Orient.

### Some of Invaders 'Accounted for' British Say

(By The Associated Press)

Adolf Hitler's aerial invasion of Crete—a lightning swoop by glider, parachute and plane-landed shock troops, including 1,500 nazis reportedly disguised in Anzac battle dress—was declared by the British late today to be "in hand," although scattered fights were still raging.

London military sources said it was believed the biggest-scale operation of its kind in history.

The asserted use of New Zealand uniforms, presumably stripped from Anzac dead or prisoners of war, appeared to violate the Hague convention which prohibits "improper use . . . of the enemy's uniform."

Crete is the government seat of King George II, who fled his mainland Capital, Athens, late in April. It is also a strongly defended British naval bastion.

In London, Prime Minister Winston Churchill told the House of Commons that the Germans attacked "in great strength" this morning, and some nazi troop-carrying planes were said to have found landing fields in the mountainous island.

Churchill said British, New Zealand and Greek troops were defending the island. He reported that 1,500 Germans disguised in New Zealand battle dress had landed in the initial assault.

The prime minister declared that the sky-borne invaders landed in the Canea-Malemi region at the western end of Crete and that they failed in an attempt to capture the Malemi airdrome.

**Situation "In Hand"**  
By noon, the British had the situation "in hand," although the fighting still proceeded, he said, and the allies had recaptured a military hospital between Canea, the Crete capital, and Malemi, which had been seized by German "chute troops."

A British communiqué said "a number of the nazi aerial invaders, who apparently struck in force, had already been 'accounted for.'"

London military quarters said the assault appeared to be the forerunner of an attempt to gain control of the seaports of Syria—Germany's latest theater of action in her march to the east—and to complete the western encirclement of Turkey.

The Germans and Italians have already bottled up the Aegean entrance to the Turkish-controlled Dardanelles by seizing Greece's Cyclades islands strug out like a bridge of stepping-stones from the Greek mainland toward Crete.

Previously, it had been said that when the Germans attempted to take Crete by air, it might be in the nature of a full-dress rehearsal for a nazi invasion of the British Isles.

**Large-Scale Assault**  
London dispatches said Adolf Hitler's luftwaffe was delivering a large-scale assault on the island, which lies 75 miles from the German-occupied Greek mainland.

# Of Interest to Farmers

## Weekly Commodity Review

Courtesy of Wayne Hummer & Co. of Chicago

### COARSE GRAINS

Corn, oats and rye generally followed the pattern of the wheat market because all considerations, other than political, were lost sight of. Corn reached the highest prices recorded since September, 1937, and at the top, all futures were well above the probable farm price even under an 85% of parity loan. Planting made excellent progress until interrupted by rains toward the close of the week, but is probably fully 50% completed throughout the main belt. Soil conditions are generally favorable for rapid growth and seed germination. Farm activity has restricted country marketing, but advices indicate that offerings will be heavy if present price levels are maintained after planting has been completed. The basis of offering prices on government corn has been reduced as the market advanced, and is currently 2½¢ over July price. Oats have been offered more freely and crop advices are extremely favorable except for the possibility of too rank growth. Substantial quantities of Canadian rye have been imported, partially for mixing purposes and partially for consumption, regardless of the duty of 12¢ per bushel. There have also been liberal shipments to eastern mills, presumably of this mixed grain brought up to milling quality.

### SOY BEANS

Trade has continued of record volume and prices have advanced to the highest level since 1936. The motivating influence has been a steady advance in the price of oil, which sold up to 9½¢ per pound as compared with 4½¢, when the crop started to move last fall. Meal prices have also moved up to around \$29.00 per ton, stimulated by similar advances in competitive feeds. Although seeding of the new crop will not become general until corn planting is completed, the general impression is that acreage will be substantially in excess of earlier intentions, as the present price for October contracts is about 55¢ higher than the level which prevailed when the present crop started to move last fall.

### WHEAT

Two weeks ago prices for futures had reached the 90¢ level, on the assumption that a 75% parity loan bill would be passed by Congress and accepted by the administration. This week, all currently traded futures sold at a dollar or higher, because the bill finally enacted provided for 85% of parity instead of 75%. Although the advance brought warnings from government officials against excessive speculation, an analysis of trading operations indicates clearly that speculation played a very small part, but that on the contrary, a sudden surge of flour buying by bakers and distributors, necessitated purchases of wheat by mills in the futures market because they could not secure supplies of the cash grain. This statement is based upon the official report of the Commodity Exchange Administration, which showed open contracts as of May 1st of 46,126,000 bu. and as of May 15th, 43,691,000 bu. A reduction of nearly 2,500,000 bu. in open contracts certainly does not reflect speculative buying.

As Canadian prices remained stationary at the fixed minimum and we advanced approximately 10¢, the import level, governed by the 42¢ per bushel duty and the discount for the Canadian dollar, was so closely approached that Department of Agriculture officials

## U. S. Wheat Markets Shrink

A problem facing U. S. farmers in 1941 is the great reduction in wheat export outlets, as shown by the chart above. U. S. Department of Agriculture officials point out that continued acreage adjustment under the AAA Program is necessary to balance wheat supply with decreased demand.

## About 150 Lee County Farmers Are Eligible to Vote on Wheat Quotas

With the wheat marketing quota referendum officially proclaimed for May 31, the Lee County Agricultural Conservation Committee is now laying plans for conducting the vote in the county.

Approximately 150 of the county's farmers will be eligible to vote Dale D. Rosenkrans, chairman of the county committee said. Eligibility is based on the amount of wheat raised on the farm. The farm produce at least 200 bushels in order that those interested in the crop may vote. Both the owner and the tenant of such farm may vote. Each per-

son has only one vote regardless of the number of farms owned or operated. A two-thirds majority of all farmers voting in the referendum is necessary of the marketing quotas are to be put into effect. Under the quota system, wheat growers will be able to market the amount of wheat produced under the farm's AAA wheat allotment.

"Failure of farmers to approve the quotas will mean discontinuance of wheat loans," the AAA chairman pointed out. "Wheat loans have been an important factor in holding up wheat prices.

about 13% over last year, in spite of diversion of milk to supply government demands for cheese and other dairy products, and there were even reports that New Zealand is trying to sell both butter and cheese in this country.

als conferred with Canadian government representatives in Ottawa, as to means of preventing possible large scale imports. No announcement was made but it was reported that both increased duties and quota restrictions were discussed. The winter wheat yield was estimated as of May 1st at 653 million bu., or 37 million bu. more than was indicated a month earlier, and private advices in the meantime suggest that the outlook has improved since May 1st. The Canadian government estimated prospective plantings of spring wheat in the three western provinces at

## Lee County Horse Show Officials to Attend Banquet at Aurora

Several officers and members of the Lee County Fair and Horse Show Association will go to Aurora Saturday to attend a banquet and business meeting to be held at the Elks club in that city. The dinner meeting has been arranged by the officers of the Northern Illinois Horse Show association and will be attended by representatives from all of the member organizations. An important business meeting will follow the dinner which will be served at 6:30.

Not a brainchild of the 20th century is the airplane; the idea was born more than 2000 years ago.

## FRANK PRIEBE'S WEEKLY LETTER to POULTRY RAISERS

"We are sure of being able to get as many eggs as we need once the pullets get into production," a government man told me the other day. "What we're concerned about at the minute is whether we can get enough between now and the first of July."

He intimated that they were a little worried for fear the fall they started rolling (by guaranteeing a 22-cent average price for eggs in Chicago) might roll a little too far. Everyone is scrambling for chicks and many hatcheries which by this time would ordinarily have started to cut down are still taking as many eggs as they can get.

If more eggs than usual go into incubators these next few weeks, fewer than usual will be available on the market.

The additional chicks the government wants hatched are in sight.

So they're turning the spotlight off that idea and turning it on the need for immediate production.

"Don't be in a hurry to sell your hens. Keep them until you can replace them with pullets." That's what they're telling us now. "Keep them—and feed them."

### England Needs Eggs

Eggs are more important to Britain right now, I've been told, than guns. If they need eggs in England we can be sure that one way or another our government is going to see that they get them.

There is always a drop in production as soon as the weather begins to get warm. But we can get more eggs than we usually do the next couple of months if we handle the hens right.

Keep corn and oats and a good supplement in front of them. Let them eat what they want. They'll get what they need to produce eggs.

And remember that eggs are 2-3 water.

So be sure that the hens have plenty of it. And be sure that it's fresh and cool so they'll drink more. That's important. You'd think it was such a simple thing it wouldn't be necessary to mention it. But I've gone into plenty of laying houses where the waterers have actually been empty and heard people complaining that their hens wouldn't lay.

They couldn't lay! Hens can't manufacture eggs without water any more than a munition maker can manufacture guns without steel.

It's becoming more and more evident that this war is a war of production. So let's keep our hens in production by giving them the raw materials they need: Plenty of good feed and plenty of water.

Sincerely yours,

Frank Pribe

## COLE HERD IS LEADER IN LEE COUNTY REPORT

The herd of 14 purebred Holstein cows owned by J. J. Cole led the Lee County Dairy Improvement Association for April with an average production of 1509 pounds of milk and 54.4 pounds of fat on 2 and 3 times-a-day milking. None of the 14 cows was dry.

The four other highest producing herds were:

Elmer Fulton, 12 PB & GH, 1505 pounds of milk, 49.9 pounds fat, 2 times-a-day milking. None dry.

Roy Degner & Son, 16 PBH, 1352 pounds milk, 49.1 pounds fat, 2 times-a-day milking. None dry.

E. L. McCracken, 12 PBH, 1224 pounds milk, 42.6 pounds fat, 2 times-a-day milking. None dry.

Otto Boehle, 11 PB & GH, 1271 pounds milk, 41.0 pounds fat, 2 times-a-day milking. None dry.

The Association's average for the month was 957 pounds of milk, 34.3 pounds of fat with 483 cows on test from 26 herds. 140 cows each produced over 40 pounds of fat.

### The Ten High Cows

1. Roy W. Degner & Son, PBH, 2415 pounds milk, 81.6 pounds fat, milked twice a day.

2. J. J. Cole, PBH, 2478 pounds milk, 84.3 pounds fat, milked three times a day.

3. J. J. Cole, PBH, 2235 pounds milk, 82.7 pounds fat, milked three times a day.

4. Henry W. Hey, GH, 1855 pounds milk, 81.8 pounds fat, milked twice a day.

5. Henry W. Hey, GH, 1635 pounds milk, 75.2 pounds fat, milked twice a day.

6. Ed I. Shippert, PBH, 1929 pounds milk, 73.4 pounds fat, milked twice a day.

7. Roy W. Degner & Son, PBH, 1689 pounds milk, 71.0 pounds fat, milked twice a day.

8. Elmer Fulton, PBH, 1638 pounds milk, 70.4 pounds fat, milked twice a day.

9. Buckaloo & Hey, PBH, 1944 pounds milk, 70.4 pounds fat, milked twice a day.

## Rochelle Cattle Breeders Export to Central America

Among the 53 head of purebred Shorthorn cattle recently exported to the Dominican Republic were seven heifers from the L. D. Carmichael farm and two from the Countryman Stock Farm, both near Rochelle.

To have had seed stock selected for the Dominican Republic from their herds marks these farms as two of the cornbelt's leading nurseries for purebred Shorthorn cattle, stated H. J. Gramlich, secretary of the American Shorthorn Breeders' association in Chicago.

The 53 head constitute the largest consignment of purebred livestock ever bought for export from the United States by a single purchaser, according to authorities. They left Chicago April 29 for port Everglades, Fla., where they will be shipped by specially char-

ed boat to Ciudad Trujillo, Dominican Republic.

The cattle represent a \$15,000 investment and are being bought by Gen. Rafael L. Trujillo, M., ex-president of the Dominican Republic, to be used in his own herd and for his country's livestock improvement program.

Represented are 21 breeders of Shorthorns from Wisconsin, Illinois, Indiana and Ohio. There are 21 beef Shorthorns, 17 Polled Shorthorns and 15 Milking Shorthorns in the shipment.

## Illinois Youth Wins Sectional Honors at 4-H Accounts Contest

Thaddeus J. Obal, 19, of Belleville, St. Clair county (Ill.), designed by E. I. Pilchard, assistant professor, Agricultural Extension, as Illinois' farm accounts project winner has received another honor for his achievements in that line.

The boy, who resides on his father's 141-acre farm, was this week named as a Central sectional winner of the farm records phase of the 1940 National 4-H Farm, Home and Crops Enterprise Accounting contest, and will receive from the International Harvester Company an all-expense trip to the 20th National 4-H Club Congress in Chicago next November.

During three years of club work, Thaddeus completed nine projects in farm management, swine, poultry, health and home beautification, valued at \$3,139.96. Demonstration and judging teams of which he was a member also placed third in county and state contests. The youth served as assistant leader, and club vice president and president. He is now a freshman at the University of Illinois.

"In my community there is a great deal of diversified farming, due chiefly to good marketing conditions," Thaddeus stated. "Swine and poultry both rank high in the county. Farm accounting is obviously needed."

### MY PROJECT STORY By Dale Weidman

In my first year of agriculture under the supervision of Mr. Slothover, I decided to have a project consisting of market barrows. On June, I secured seven barrows from my father's herd. They were a cross of Chester White and Berkshire.

I fed them on a ration consisting of skimmed milk, ground oats and corn. They grazed on a pasture of blue grass of fine quality. They also had salt and water in front of them at all times.

At frequent intervals through the summer I gave the pigs treatments for many in a lime sulphur solution.

On August 27th I took three of my best hogs to the Vocational Fair at Morrison, Ill. I placed 10th in the heavyweight class. My total prize money was \$2.00.

On August 29th I disposed of

phase of the national competition were: P. V. Kepner, senior extension economist, U. S. Department of Agriculture, chairman; J. B. Cunningham, assistant director, Farm Management Extension, University of Illinois; H. A. Berg, Farm Management Extension specialist, state leader, Land Use Planning, Michigan State College and A. J. Kittleson, state club leader, University of Minnesota.

## Miss Spencer and Claire H. Beck Are Wed, Today

Miss Lucia Mary Spencer, only daughter of the David H. Spencers of 402 Peoria avenue, and Claire H. Beck of Grand Detour pledged nuptial vows at 9:30 o'clock this morning. Dr. Lloyd W. Walter performed the ceremony at the parsonage of St. Paul's Lutheran church.

Only the bridegroom's sister, Miss Zula Beck, and the bride's youngest brother, Donald Spencer of Chicago, witnessed the single ring service.

This morning's bride was wearing a street dress of navy blue net with white accents, and a wide-brimmed hat of navy straw, trimmed with white flowers. At the neckline was a plain gold brooch which had belonged to her grandmother. A spray of gardenias was pinned to the shoulder of her dress.

Miss Beck chose a black and white ensemble with black accessories. Her shoulder corsage contained sweetpeas and rosebuds.

Following the ceremony, Mr. Beck and his bride left by motor on a southern wedding trip, planning to include points in Kentucky and Tennessee on their itinerary. At Tullahoma, they expect to visit the bridegroom's nephew, Private Miles Underwood, who is in training at Camp Forrest.

After their return, Mr. and Mrs. Beck will be at home in an upstairs apartment at the Beck's tea room, "The Landmark", in Grand Detour. Mrs. Beck, whose father is supervisor of Dixon township, has been employed at the Hintz Studio for the past 21 years, and is a member of Minnie Bell Rebekah lodge. The bridegroom was employed at Rochelle until about 12 years ago, when he became associated with his sister's tea room, formerly known as "Beck's."

## THREE CHOIRS TO BE HEARD IN CONCERT

Approximately 75 vocalists will appear in the second annual spring concert to be presented Sunday evening by the Senior, Treble Clef and Junior choirs of the Methodist church. Crawford Thomas, organist; Bud Bradford, pianist; and Miss Virginia Jane Lund, harpist, will assist with the program, which is scheduled for 7:45 o'clock.

Tickets, which may be obtained free of charge from any member of the choirs or from the church office, will assure reserved seats.

## SHELLERS ARE CLUB HOSTS

Mr. and Mrs. L. E. Sheller entertained with a tea room dinner Saturday evening for members of their 500 club from Sterling, Rock Falls, and Dixon. Afterward, tables were formed for card games at the Sheller home.

Mrs. G. N. Griffith of Sterling, C. E. Tinsley of Rock Falls, and the F. A. Browns of Dixon received prizes at the card tables.

## CLUBWOMEN HAVE PICNIC

Members of the Junior Women's club of Amboy were picnicking at the home of Miss Helen McIntyre last evening. A scramble supper was served on the screened porch, followed by annual reports and appointment of committees for next year.

## 4-H CLUB

The following program was presented for members of the Nelson Nimble Thimble 4-H club Friday evening at the Cook school: Piano solo, "Falling Waters," Francis Ransom; reading, "Four-Leaf Clovers," Elsie Langhoff; demonstration lesson, "French Seams," Hazel Rabel and Patricia Winbeck.

Refreshments were served by Arlene and Elsie Langhoff.

## AT "STRONGHOLD"

Mr. and Mrs. Walter Strong, Jr. of Winnetka entertained a house party of 24 guests at their summer home, "Stronghold," north of Oregon, during the week end. The Strong's were celebrating their fourth wedding anniversary.

## Clubwomen Plan Spring Luncheon

The annual spring luncheon party of the Dixon Women's club will be held at 1 o'clock on Saturday in the main dining room of the Loveland Community House. Members of St. Agnes' Guild of St. Luke's church will serve.

Plans for the luncheon are in charge of the social committee of the club, headed by Mrs. William Roat, with Mrs. O. L. Gearhart as assistant chairman. Mrs. Robert Warner is chairman of the menu committee, with Mrs. James Cleon and Mrs. E. H. Prince as her co-workers.

Mrs. G. P. Powell is in charge of decorations, assisted by Miss Grace O'Malley, Mrs. David Barton and Mrs. W. E. Whitson. Other members of the social committee who are assisting with preparations are Mrs. C. W. Allen, Mrs. Emory Countryman, Miss Anne Eustace, Mrs. Fred Hobbs, Mrs. Frank Kreim, Mrs. C. H. Lesage, Mrs. S. W. Lehman, Miss Lorraine Missman, Mrs. L. G. Meppin, Mrs. Bertha Rorick, Miss Mila Wolkne, and Mrs. William Worley.

Mrs. Earl Auman, the retiring president, her co-officers, and past presidents of the club will be seated at a guest table. A special program of music and readings will follow the luncheon. The numbers include:

Flute—"Allegretto," (Godard) and "Chanson Triste," (Tschai-kowsky); Lloyd Walter; Mrs. Dwight Chapman, accompanist. Tenor—"Morning," (Speaks); "Come Back to Sorrento," (De Curtis); and "I Hear a Thrush at Eve," (Cadmán); J. V. Ridolph; Mrs. Howard Edwards, accompanist.

Reading: Mrs. F. L. Blewfield, "Cello—To the Evening Star," (Wagner) and "Guitarre," (Moskowsky); William Haefliger; Marie Haefliger, accompanist. Group singing—"God Bless America," led by Mrs. Bertha Rorick; Mrs. B. R. Jacobson, accompanist.

Mrs. Howard Woodvatt, Mrs. Lloyd Phelps, and Miss Teckla Devine spent Monday in Chicago.

## Miss Bevilacqua Is Party Honoree at Venier Home

A silver wedding bell, tied with pink and silver ribbons, decorated the table where gift packages for the honoree were placed last evening at a personal shower given by Mrs. Elsie Ritzman and Miss Ada Venier, in courtesy to Miss Rose Bevilacqua, fiancée of Mrs. Ritzman's brother, Oscar Witzleb. Sixteen relatives and friends of the bride-to-be were invited to the Venier home for the event.

Games of hearts and pinochle were the evening's pastime. Mrs. Philip Bernardi and Miss Mary Lucille James were fortunate in hearts, and Mrs. Ben Ryan received the pinochle favor.

Guests were Mesdames Philip Bernardi, Harold Brantner, Eldon Potter, Ben Ryan, James Julian, Lorenzo Bevilacqua, Otto Witzleb, Rita Bennett, Mary Lucille James, Betty Moran, Dorothy Stitzel, Helen Frazer, Dorothy Lievan, Josephine Bevilacqua, and the bride-elect.

This evening, Mr. Witzleb's sisters, Mrs. William Miller, Mrs. Delos Brown and Mrs. George Rybick will be entertaining at the Miller home for Miss Bevilacqua.

## DIXON WOMAN WILL SPEAK IN ROCKFORD

Mrs. Floyd Blewfield will be guest speaker at a Mother-Daughter banquet at the Broadway Methodist church in Rockford, Thursday evening.

Thirty years ago last Sunday, Mrs. Blewfield and Dr. Floyd Blewfield, present pastor of the Methodist church of Dixon, were married at this Rockford church, then known as the Epworth Methodist Episcopal church.

A group of Rockford relatives and friends came to Dixon Sunday afternoon to help the Blewfields celebrate their anniversary, and to attend the organ recital at the Methodist church. A large pink and white wedding cake was brought by the guests who were present at the wedding of the young clergyman and his bride, 30 years ago.

## MRS. WALDER AND MRS. DICK ARE CO-HOSTESSES

Mrs. Gavin Dick and Mrs. H. F. Walder were co-hostesses yesterday at luncheon and bridge for 16 at the Dick home. Spring flowers were a bright note on the tables.

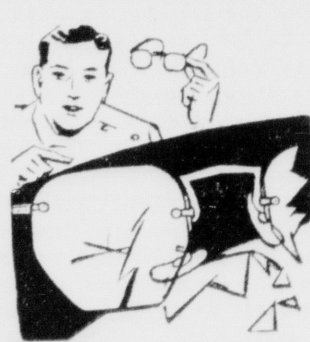

Fortunate in contract were Mrs. James Palmer, Mrs. David Marks, and Mrs. Grover Gehant.

## BRIDGE HOSTESS

Mrs. I. A. Bartlett held a guest tally, when Mrs. Raymond Finn of Amboy entertained her bridge club last evening. Miss Ethel Ross, Mrs. M. F. Mihm, Mrs. John Liggett, and Miss Carolyn Bachman were awarded prizes at the close of play. Miss Ross is to entertain next.

## AT "BEE TREE"

Mr. and Mrs. Tower Webster and Mrs. Walter Strong motored out from Winnetka for a week end stay at the Websters' summer home, "Bee Tree Farm", near Oregon.

## Attend May Fete at Northfield

A number of Dixon parents were motoring northward during the week-end to visit student sons and daughters on Minnesota campuses. The largest contingent, including Dr. and Mrs. R. E. Worsley, Mr. and Mrs. Robert Warner, Mrs. Ira Lanphier, Mrs. R. M. Ferguson, Mr. and Mrs. C. Hintz, Miss Estella Anderson, and Mr. and Mrs. Sterling Schrock were attending the annual May Fete festivities at Carleton college in Northfield.

About 200 students participated in the Fete, "The Triumph of Time," presented at sunset in a natural amphitheater, "May Fete Isle" on Lyman lake. Crowning of the May Queen ceremonies, and a horse show preceded the program.

One of the Dixon students at Carleton, Miss Evelyn Worsley, is to appear as vocal soloist during a chapel recital tomorrow evening.

Mrs. Hubert White of Polo accompanied the Worsleys north. Mrs. Lester Street was also among the northward-bound Dixonites, and went on to Minneapolis to visit the Horace Streets. Mrs. Philip Reilly, another member of the party, continued to St. Paul to spend the week end with her daughter, Betty, who is attending St. Catherine's college.

## ASHTON STUDENTS ARE ENTERTAINED

Mrs. Stanwood Griffith of Ashton entertained with a 6 o'clock dinner and theater party last evening for Ashton's five national music contest students, their accompanists, and Mr. and Mrs. C. H. O'May.

Her guests included her son, Stanwood Griffith, Jr., bassoonist; Paul Jennings, drummer; Betty Wilhelm, baton twirler; Edward Zager and George Venerich, cornetists; and Esther Boyd and Evelyn Kersten, accompanists. Mr. O'May is music director in the Ashton school.

## BIRTHDAY CLUB

Mrs. Jay W. Curran, 923 South Peoria avenue, will be hostess to members of the Lucky Thirteen birthday club this evening, honoring Mrs. Wayne Baker's anniversary.

## Attend Sunday Tea at Frances Shimer Library

A large number of guests attended the Sunday tea which marked the opening of Miss Jane Peterson's exhibit of paintings in the library at Frances Shimer college at Mt. Carroll. The artist, who is a cousin of the late Charles R. Walgreen, and Mrs. Walgreen were present to greet the visitors.

Among those attending were Dr. Irving Maurer, president of Beloit college, and Mrs. Maurer; and Miss Anne Eustace, Miss Ruth Chiverton, Mrs. Dement Schuler, Mr. and Mrs. Forrest J. Trautwein, Mr. and Mrs. Charles Johnston, Mr. and Mrs. E. E. Wingert, Mrs. Ben B. Billinger, Mrs. Collins Dysart, Miss Ruth Dysart, Mr. and Mrs. Edward Vaile, Miss Lucille Miller, Miss Jane Franks, the Misses Carolyn and Lou Slothower, and Miss Marguerite Mondolock, all of Dixon.

The Wingerts and Mrs. Billinger were tea guests of Mr. Wingert's brother and sister-in-law, Judge and Mrs. F. A. Wingert. Miss Eustace visited at the home of Mrs. Oscar McKinney during the afternoon.

## WOMEN GOLFERS ARRANGE BLIND BOGEY MATCH

Barring a repetition of the May showers which delayed plans for opening their 1941 links season last week, women golfers of the Dixon Country club hope to play 18 holes for blind bogey tomorrow morning. Ten o'clock has been set for the teeing-off hour.

Luncheon will be served at the clubhouse, following the links event, according to Mrs. Leo Miller, May chairman.

## SCHOOL AWARDS

The last day of the term at the Sugar Grove school was celebrated on Friday with distribution of awards. Marilyn and James Reed received certificates for perfect attendance. Darlene Swarts won high honors in spelling, and spelling certificates were shared by Charles Boos, Ivan Grobe, Robert Hodees, Beverly Thomason, Marilyn Reed, Wayne Mount, Shirley Grobe, James Reed, Elsie Grobe, Shirley Thomason, Duane Swarts, and Richard Kesselring.

Charles Boos, the school's eighth grade graduate, received an award for reading 15 books.

## DRESS REHEARSAL

Dress rehearsal for the high school operetta, "Harmony Hall," has been scheduled for 7:15 o'clock this evening in the Dixon high school auditorium. The production will be staged at 7:30 o'clock Thursday evening, under the direction of Miss Carolyn Bergstedt.

Reservation of tickets was started today. Only those with reserved seats will be admitted Thursday evening.

## GOLF CLINIC

Junior linkswomen of the Dixon Country club who would improve their stance and swing (to say nothing of obtaining a general idea of golf's fundamentals) will be flocking to the clubhouse on Friday afternoon for the first in a series of free instruction periods promised for their enlightenment by the new club pro, Ralph Stonehouse.

The classes are scheduled to get underway as soon after 4:30 o'clock as possible, and will continue for at least four consecutive Friday afternoons, according to news from the pro shop. And in case of rain, which put a crimp in plans for beginning the clinic last week, Pro Stonehouse is prepared to move the clinic indoors.

Tomorrow evening, the golfers will be teeing off for their third weekly supper match. Mrs. Jack Sharkey will accept supper reservations at the clubhouse, not later than this evening.

## PERSONALS

Misses Evelyn and Iva Mensch returned home Sunday from Los Angeles, Cal., where they spent two weeks vacation with their brother and friends.

Adrian Mason of Blanco, Cal., a former resident of Dixon, is spending several days in Dixon visiting with W. A. Eatinger and other friends.

Mrs. Frank Reiter and daughter Nancy of Sterling spent Monday with Mrs. Reiter's mother, Mrs. Fred Johnson.

Mrs. O. R. Eicholtz of Nachusa was the week end guest of Miss Ruth Holly.

Mrs. Harold E. Cooper of Rockford, daughter of Mr. and Mrs. Roy Raffenberg of Dixon, entered the University of Illinois Research Hospital in Chicago today for observation. Her mother accompanied her to the hospital.

Mr. and Mrs. William Losuttler entertained during the week end for Mr. and Mrs. Hilary Brown and Alan Styler of Rockford, Mr. and Mrs. Alva Hefley of Chicago. Mrs. Hefley, a former Dixon resident, has just returned from the east, where she was called by the death of her father, Mr. Henning.

Frances Faye and Mary Eileen Ridolph, daughters of Mr. and Mrs. J. V. Ridolph of 910 Highland avenue, are recovering from attacks of measles.

Aged When brought to the surface, bottles of carbonized water were found to be still palatable after 33 years on the bottom of the sea. Salvaged from the steamship Islander in 1934, sunk in Alaskan waters in 1901, the water was in bottles with hermetically-sealed syphons.

Recent reports indicate that more than 300 cities and towns in the United States are now linked together by regular air service.

## Women Keglers Have Banquet; Join W. I. B. C.

A banquet at Peter Piper's, with 66 women keglers circling the tables, climaxed the season's activities for the Dixon Ladies' Bowling league last evening. Bowling pins, and bouquets of spring flowers trimmed the tables.

During a brief business meeting, the dozen circuit teams attending voted to become affiliated with the Women's Illinois Bowling Congress, entitling the Dixon bowlers to participate in sanctioned tournaments.

The annual election of officers was also held, with the group electing Mrs. Larry Poole as president, retaining Mrs. M. M. Miller as vice president and Mrs. Frank Dasebach as treasurer, and naming Mrs. Walter Klein as their new secretary.

Each bowler was introduced

during a report of league standings read by Mrs. Poole. The Rainbow, Lakeshire Marty and Budweiser teams ranked highest, in the order listed.

## DINNER GUESTS

Mr. and Mrs. Norman W. Dietrich entertained at Sunday dinner for Mr. and Mrs. Fred Altenbern and children Marvin and Phyllis, and Miss Kathryn Mantzke of Lena, Ill.

## BRIDGE FOURSOME

Mrs. Warren Durkes, Mrs. George Shaw, Mrs. H. U. Bardwell, and Mrs. Arthur Morris were luncheon and bridge guests of Miss Anne Eustace at her Assembly Park cottage today.

#### GEORGE WASHINGTON SAID:

"Excessive partiality for one foreign nation and excessive dislike of another cause those whom they actuate to see danger only on one side, and serve to veil and even second the arts of influence on the other. Real patriots who may resist the intrigues of the favorite are liable to become suspected and odious, while its tools and dupes usurp the applause and confidence of the people to surrender their interests." From the Farewell Address.

#### A Thought For Today

For the Lord is good; His mercy is everlasting; and His truth endureth to all generations.—Psalms 100:5.

And earthly power doth then show likest God's when mercy seasons justice.—Shakespeare.

#### Picture Captions from the Bible

Highly interesting are the descriptive lines taken by The Associated Press from the Bible for a group of war photographs.

Under a tank photograph is the quotation: "A fire devoureth before them; like the noise of chariots on tops of mountains shall they leap; they shall climb the wall like men of war."—Joel 2.

Under a picture of air raid destruction in London: "And the seventh angel poured out his vial into the air . . . and cities fell . . . and there fell upon men a great hail out of Heaven."—Revelations 16.

German war planes in the air: "Thou (enemies of Israel) shalt ascend and come like a storm . . . like a cloud to cover the land, thou and all thy bands."—Ezekiel 38.

Under pictures of battleships, horse-drawn artillery and marching soldiers: "At the time of the end shall the king of the south push at him, and the kings of the north shall come against him like a whirlwind . . . with many ships . . . with chariots and with horsemen, and he shall overflow and pass over. He shall enter also into the glorious land, and many countries shall be overthrown . . . and Egypt shall not escape . . . and Libyans and Ethiopians shall be in his steps . . . Yet he shall come to his end, and none shall help him."—Daniel 11.

The last sentence, if it refers to Adolf is comforting.

No one should take interpretations of biblical prophecies too seriously. Time and again these prophecies have been used to fit certain events, such

as the World War, the Napoleonic wars and even some of Europe's religious struggles, but none of these has fit exactly.

Usually the interpreters seek to set a date for the end of the world as we know it, and to date every one of them has gone haywire. The good old A. P., of course, wasn't trying to predict.

#### Something New in Bullets

Reports are that the United States army is developing a new type of rifle bullet that will travel 100 per cent faster and 80 per cent farther than the conventional type.

The new missile will have two copper bands around its body, and will have six fins designed to steer it in its flight to the target. Barrels from which these bullets will emerge will have no rifling. The copper bands will prevent the escape of gas.

Thus no power will be lost in giving the bullet a twist, by means of rifling, as it traverses the barrel.

The result: Bullets will travel faster and farther, possibly more accurately. Production of barrels can be increased. Whether the time gained by not rifling gun barrels will be lost in making more complicated bullets has not been stated.

American weapons may not be "secret," like some; but they are mighty efficient.

#### When You Haven't Got It

The Germans have made a great public to-do about the alleged fact that in the world they think they are about to create, gold will be of no value. They love to pooh-pooh the fact that the United States has a great deal of it.

Somehow we haven't seen Germany turning down any, and one of the first orders of business in taking over another country seems to be to loot the vault and take the Gold to Berlin.

A late issue of the Berliner Illustrierte Zeitung just came to hand has a very elaborate and impressive article about the new Reichsbank building in Berlin. Thief-proof and fire-proof, exults the article, describing the vaults 14 meters below water-level and three stories deep. Proudly displayed at the top of the article is a picture of the gold vaults, with bullion bars neatly stacked on shelves.

We'll be more likely to believe in the nazi theory of the worthlessness of gold when we see them refusing some of it.

#### Profits Still Possible

The private enterprise or "profit and loss" system is having rough going these days, but there's a lot of life in the old girl yet, according to some calculating the New York Stock Exchange has been doing.

Of 829 common stocks listed on that Exchange, 577 paid cash dividends last year, and the \$2,000,000,000 thus paid out represented a 5.7 per cent return on the year's average market value of all common issues listed. So the Exchange reports, adding that during the depressed 1930-40 period, \$19,650,000,000 was paid out in dividends by listed common stocks.

Thus, in spite of world-wide confusion, it is plainly still possible for a great many large business units to make money. The private enterprise or "profit and loss" system, seems to have a lot of vitality in it yet.

"Alleged Liquor Seller Caught"—headlines. "Alleged liquor" probably is a perfect description.

## NEWS BEHIND THE NEWS

By PAUL MALLON  
(Distributed by King Features Syndicate, Inc., Reproduction in Whole or in Part Strictly Prohibited.)

Washington, May 19.—Mr. Roosevelt's warning that a Hitler victory would injure our foreign trade apparently did not sink in very deep. Reaction was hardly noticeable here. The President failed to translate his vision into terms of wages, hours, farm prices, automobiles and the relatively luxurious living in which civilization now is rolling, as compared with the rest of the world.

If you will couple his statement with speeches made recently by Assistant State Secretary Adolph Berle and Commerce Secretary Jesse Jones, you will see the administration seems to be leaning toward this more realistic line. The old fears of German invasion have long since been abandoned.

What is in their minds now is that the victorious nazis would undersell us everywhere in the world on the basis of barter and enslaved labor.

We could not sell automobiles, steel or jelly beans against them anywhere as long as our workers receive present wages, hours and working conditions. Our price would be double theirs. We would thus face the prospect of becoming a second class power, unless we too went into some adaptation of the nazi system, using barter and cheapening our productive processes.

While this straight-forward statement goes further than Messrs. Roosevelt, Berle or Jones have gone, publicly, they have set a new course to this wind. The difficulty of popularizing these realistic probabilities that too many people have come to look on business as "greedy trade," and world selling as dollar diplomacy, forgetful that their livings depend upon it.

While a defense official (W. L. Batt) was telling one congressional committee not an ounce of aluminum could be spared from defense needs the remainder of this year, another congressional committee picked up the following information in executive session:

The army, the same army that is screaming for planes, had placed an order for 30,000 to 60,000 aluminum pitchers for syrup and water.

The navy had disregarded the spirit of the same OPM priorities control, by ordering aluminum cap stretchers.

The information came from the Office of Production Management, whose authorities suspected the army and navy never heard of aluminum priorities. Apparently the generals and admirals do not read newspapers.

The Quartermasters Corps in the army, when called upon for an explanation by the OPM, was co-operative and agreed not to buy pitchers that would have to be made out of new priority aluminum. In other words, they will buy old aluminum pitchers that are in stock and take enamel ware for the remainder.

The navy, however, apparently considered cap stretching a vital work of defense. Last heard by the House naval affairs committee they intended to stick to their order.

Note—The reason names and dates are missing from the above is that no details were furnished the congressional committees. One report indicated the army pitcher order was for 30,000; another report doubled the amount. Authorities here do not feel free to talk about such subjects, but the substantial facts of the matter are undeniably true.

A week ago today this column published information about a manufacturer who slide out of his promise to subcontract a large defense order, and instead tried to get 137 new machine tools (a critical shortage line equal in seriousness to that of aluminum) in order to set up a new factory in a vacant warehouse.

Since then the manufacturer has changed his mind. Now he wants 500 new machine tools, 500 of the most vitally needed mechanisms of defense diverted from other uses, in order that he will not have to let subcontractors in on his business.

As a result of this and a few other flagrant cases, OPM is about to put the screws on. Compulsory clauses will be written into all contracts specifically reserving to OPM the right to require subcontracting. The percentage to be subcontracted will depend on size of the order and the size and equipment of the company. Some will have to subcontract a lot, others not at all. Another corrective methods will be adopted denying priorities for machine tools to companies which refuse to subcontract.

With strikes breaking unimpeded around the country, with the army looking after its syrup pitchers and the

## Gov. Green Visits Illinois Soldiers; Well Taken Care Of

### First Division Review Is Staged for Chief Executive Monday

Camp Forrest, Tenn., May 20.—(A.P.)—A two-day tour of inspection has convinced Gov. Dwight H. Green of Illinois that good soldiers are in the making at Camp Forrest.

"No finer troops will be made in America than here at Camp Forrest," Green told ranking officers of the cantonment at dinner last night.

Yesterday the chief executive and members of a legislative committee, here for a first hand report on camp conditions and the training program, reviewed 16,000 soldiers of the Illinois 33rd division.

The visitors occupied the reviewing stand for a full hour as the division made its first full review appearance. Maj. Gen. Samuel T. Lawton, commander of the 33rd and of Camp Forrest, led the troops in the longest parade ever held at the camp. The 16,000 marched to the music of 11 bands.

After a dinner of southern fried chicken with the 33rd division regimental and brigade commanders and heads of the Tennessee, Ohio, and Colorado troops, Green asserted:

"I was tremendously impressed with the eagerness and the tremendous intensity with which the men are going about their training. This spirit of the army will permeate to the people."

After reviewing the troops the governor declared that they "leave no doubt that they will become a strong part of that impregnable wall of defense which the nation is building against any threat of aggression."

Sees "America's Warning" He saw in the marching troops "America's warning that we will defend our precious liberty and freedom of opportunity against aggression of any force."

"I believe the boys here are getting everything they need," the governor added. "None of the loved ones and friends back in Illinois need fear for the welfare of these boys."

The governor tried his hand as a machine gunner during yesterday afternoon's inspection, spewing lead at targets while photographers recorded the incident. He also visited the barracks, talked with a number of enlisted men, and ate biscuits in the Chicago mess of the 132nd infantry.

Dust Is Abundant

Dust swirled about the cantonment while the legislative committee members were touring the camp in open "jeeps." Visits to training classes were on the schedule today before the members and Governor Green leave for Springfield at 3:30 p. m.

Those accompanying Gov. Green were Adjutant General Leo M. Boyle; Speaker of the House Elmer J. Schnackenberg, Chicago; Arnold P. Benson, Batavia, President-Pro-tem of the Senate; Harry Canfield, Superintendent of the Division of Reports; John W. Chapman, Green's secretary; Senators Charles F. Carpenter, Earl B. Moline; Earl B. Seary, Springfield; John M. Lee, Chicago, and Representatives R. J. Branson, Centralia; Reed F. Cutler, Lewistown, and Howard J. Forman, Peoria.

navy after its cap stretchers, and the manufacturer trying to chisel machine tools, the words of Roosevelt that the people do not yet fully understand the gravity of their situation may take on a new and more ominous meaning.

#### MRS. CHRIS WOLF

(Telegraph Special Service)

Mendota, May 20.—Funeral services for Mrs. Chris Wolf, Belvidere, former Clarion township resident, who died Friday morning in Belvidere, were held at that place Monday afternoon at 2 o'clock. Mrs. Wolf, who was 63 years of age, was born in Clarion township, March 24, 1878 and had lived in Belvidere for the last 29 years. Surviving are three sons: Glen of Rockford; LeRoy and Clifford of Belvidere; a daughter, Edna of Belvidere; four brothers, Herman, Henry, Fred and Ed Welsh, Mendota, two sisters, Mrs. John Blotch and Mrs. John Belinghausen, Clarion.

#### VERDIE BARKER

The funeral of Verdie Barker, 40, 704 East Empire street, Freeport, a landscape architect with headquarters at the Dixon district office of the Illinois division of highways, will be held at 1 o'clock Wednesday afternoon, either at the home or the Walker funeral home in Freeport, and at 2:00 o'clock at the Evangelical church in Rock Grove, where burial will take place.

Mr. Barker died at 11:10 o'clock Monday morning at the Evangelical Deaconess hospital in Freeport from injuries received Saturday night in a collision between his car and an army transport truck, when he drove off Harlem street in Freeport onto state route 26.

Barker suffered a fractured skull and several cuts and bruises when his machine collided with the truck, the second in a line of six transports which were moving soldiers from Freeport, where they had spent the evening, to the ordnance depot at Savanna.

Forrest Cook, 29, Y. Z. Williams, 35, and Thomas J. Bryant, 35, Negro soldiers riding in the truck, were cut and bruised.

Mr. Barker was born Feb. 2, 1900, in Rock Grove, the son of Mr. and Mrs. Charles Barker. He was graduated from Freeport high school, where he was a member of the football team. He was married to Miss Grace Riemer, who died May 24, 1940.

He leaves two sons, Charles Duane, his parents, and a sister Mrs. Douglas Palmer of Rockford.

## Poets' Corner

IN MEMORY OF MRS. ROSE MORRISSEY  
Who passed away two years ago (May 18)

It's been two years since you left us.  
Tho it seems but yesterday,  
That you were going about the house,  
Always busy, yet happy and gay.

We now live on the place you loved  
And we can't help but feel blue.  
As we recall the things you done,  
And never a complaint from you.

Whenever a child came along,  
You never failed to say,  
"I'll bet my little darling's hungry.  
Let's see what I can find today".

Your door was always open,  
To welcome those who came,  
Whether a friend, or just a traveler,  
They both were treated the same.

No matter how blue others were,  
Whether near or many a mile,  
If they came to you with their troubles,  
They always left with a smile.

Oftentimes since you left here,  
When a knock came at the door,  
I'd have to answer it by saying,  
"That old lady isn't here any more".

Since you're gone, we surely miss you,  
But we know that God knows best,  
And he saw you'd done your duty,  
So he called you home to rest.

Mrs. William R. Morrissey

## FIRST INTRA-CITY GOLF MATCH

Club swingers of Plum Hollow and Dixon Country club are using these warm days to get in condition for the first big intra-city match to be held Sunday at the Country club starting at 8 o'clock. About 25 to 30 players from each club are expected to participate and pairings will be announced later this week. In two matches played last year the golfers from Plum Hollow won each one.

## KNACKS PRACTICE TONIGHT

The Dixon Knacks, still glittering after their victory over the Peru Merchants here Sunday, will get out for practice at 5:30 tonight at Reynolds Field to see what can be done about improving the base running technique. The Knacks meet a combined team of Round Grove and Sterling players here next Sunday for their third home game of the season. Lee Hendrichs, former Knacks' pitcher, is manager of the visiting team.

## INTELLIGENCE DEPARTMENT

Figuring batting and fielding averages is a statistical job for sports writers of the summer, but the prize of all statistical jobs goes to the man from Dixon (unknown) who sent in the query to a radio program: "How many bricks in the Empire State Building in New York City?" The question and address of the sender (but no name) were heard over a Sunday program by one of our scouts. To end the suspense, folks, there are 10 million bricks. Ho hum, who in thunder do you suppose counted 'em to be sure? And do two bats count as a whole brick?

## LEAD IN MIXED DOUBLES

Leola Reber and Ken Reber of Oregon are leading in the mixed doubles event in the current doubles tournament at Sterling. The Oregon tandem has a count of 1254.

## REYNOLDS SOFTBALL TEAM

Manager Hi Emmert and his Reynolds Wire softball team practiced last night at Reynolds Field for the season opening early in June. About 15 to 18 candidates tried out for the team last night and everyone was in there hustling with enthusiasm. Flash (No-Hit-Pitcher) Fordham will be on the mound again this season for the Wiremen. The team will have new shirts to match their pants bought last season and promise to be a good looking team as well as talented in playing ball. George Bishop received the only injuries last night when he ended with a couple of puffed-up fingers after playing first sack without a glove.

## STATE MEET DOPE

George Weigle, Dixon high school's miler, romped the distance in 4:30 in the state meet at the University of Illinois Saturday with the winner's time clocked at 4:27.6. In the hurdles preliminaries Jack Vaughn, captain of the Dukes' team, defeated Champion Smith with a timing of :23.1, but Smith won the national interscholastic championship in the finals with a time of :21.7. John Weaver and Jo Van Meter went with Coach Bowers when he took Dixon's two competitors to the meet.

## LOOKING SOUTHWARD

Dick Smith, Sterling high school sports scribe, was in town yesterday and reports that he hopes to attend the University of Alabama next fall. If he does, the southern school will be getting a doggone good sports statistician.

## SPORTS ANNOUNCERS IN THE MAKING

Jimmy Noakes, president of the Polo Softball league, says that the league is considering giving younger boys a chance to do some announcing of games over the public address system. Each lad will be permitted to describe the game for a couple of innings and it is hoped to increase his interest and knowledge in the game. The league season opens May 27, a week from today.

## TRACK POINT-WINNER WAS ILL

The difference between victory and defeat for the Dixon high school freshman-sophomore track squad in the conference meet at Sterling Saturday seemed to be in the illness of Gordon Ommen of the Dixon team who was unable to compete. Gordon would probably have won the 440-yard dash and the 880-yard run which would have cleared the Dixon team into the lead. Gordon was suffering from an infection in his ear.

## LAST DUAL MEET TODAY

Coaches A. C. Bowers and Marvin Winger take their Dukes to Mendota this afternoon for the last dual track meet of the season. The Dixon team possesses the majority of records made in former meets between the two squads. On Friday afternoon and evening the Dukes compete with the other conference teams in the annual North Central circuit event at Sterling. The preliminaries will start at 4 o'clock in the afternoon with the finals starting at 8 o'clock at night. Sterling is the defending champion.

# DODGERS PROTEST CUBS' WIN TO COMPLICATE THE LEAGUE

By JUDSON BAILEY

A's Bump Off Indians

Associated Press Sports Writer

First-place jams in the National League are as common as traffic tie-ups in Times Square, but the senior circuit has one now that only President Ford Frick can untangle.

The Brooklyn Dodgers have lost two games in a row at Chicago and yesterday slipped out of the percentage lead although remaining half a contest ahead of the St. Louis Cardinals on won-lost reckoning.

However, the Dodgers complicated this otherwise commonplace mixup by protesting both games on the grounds that the Cubs had 26 men on their squad, one over the limit that went into effect May 15.

The player in question is Outfielder Charley Gilbert, whom Brooklyn traded to the Cubs in the Billy Herman deal. He was playing under option at Montreal and the deal provided that the International League club turn him over to the Cubs June 1.

In the meantime he sprained an ankle and went to Philadelphia to get repairs. He never has been any closer to Chicago than he is right now—roughly 800 miles.

May Take a Week for Ruling  
President Frick says it may be a week before he can make a ruling. During the interim the protest not only will reflect on the first-place struggle between the Dodgers and Cardinals, but also on the Cubs, who moved into the first division yesterday.

Cleveland's American League leaders also were bumped off again by the Philadelphia Athletics, 5-4. Although Al Milnar, the Indians' southpaw ace, homered with one on.

Dennis Gahesue, who had pitched a one-hit shutout his last time out, held the New York Yankees to four safeties as the St. Louis Browns forged a 5-1 victory with the help of a couple of Yankee fielding miscues. New York's only run was a homer by Bill Dickey.

Young John Gorsica pitched four-hit ball for the Detroit Tigers to beat the Boston Red Sox, 4-2, missing a shutout in the seventh when Ted Williams homered with one on. It was Detroit's fifth straight win and kept the American League champs right on the heels of the second-place Chicago White Sox who whipped the Washington Senators, 8-2. Fat Ed Smith gave Washington 10 hits, one more than the Sox obtained, but Chicago took advantage of seven walks and a hit batsman in wrecking Vernon Kennedy's debut in the capital.

Best Pitching Duel  
The day's best pitching duel was in the National League where Pittsburgh ended the New York Giants' four-game winning streak, 2-1. Max Butcher of the Pirates allowed only four hits while old Carl Hubbell gave up six.

The Cincinnati Reds ripped off 14 hits to beat the Boston Braves, 7-3, behind Johnny Vander Meer, with Catcher Ernie Lombardi distinguishing himself by throwing out four runners at second. There were seven errors.

## SAMMY SNEAD INTENDS TO PASS UP GOODALL TOURNEY

Charlottesville, Va., May 20—(AP)—Bothered again by the misery in his back sweet-swinging Sammy Snead intends to pass up this week the fourth Goodall Round Robin Golf tournament at Flushing, L. I.  
He played in an exhibition here yesterday and then turned toward home at Hot Springs, Va. He said he feared participation in the Goodall would further aggravate his trouble and ruin his chances of competing in the National Open at Fort Worth June 5-7.

# Polo Wins Triangular Meet With Oregon and Mt. Morris

## ROCK RIVER LOOP MEET TO BE HELD AT POLO FRIDAY

### Three High Jumpers Tie Record in The Event Yesterday

TABLE OF POINTS	
Polo	67½
Oregon	53
Mt. Morris	21½

In a preliminary to the Rock River conference track meet this week-end, three of the member teams, all from Ogle county, met on the Polo field yesterday for a triangular affair which saw the hosts winning over Oregon and Mt. Morris.

Of the 13 events the Polo winners took firsts in seven, Oregon (second place squad) won four and Mt. Morris two.

High point man of the meet was Adams of Polo with victories in the 220-yard dash, the 110-yard high hurdles and the broad jump.

Compared With Records  
As a check on what may be expected of these three teams when they meet with Amboy, Rock Falls, Morrison and Rochelle on Saturday, the marks of yesterday's meet compared well with the conference records.

Thurston of Oregon won the 100-yard dash in :10.6, which is only one-tenth of a second slower than the mark held by Crowell of Oregon made in 1930, and Zellar of Mt. Morris made in 1932.

In the mile run Rosenbaum of Mt. Morris was clocked in 5 minutes and 24 seconds which is short of the record time of Longman of Mt. Morris who was timed at 4:47.2 in 1930 and Russell of Amboy who equalled the record in 1937.

Adams of Polo won the 220-yard dash in :24.2 which is slower than the existing record of :23.4 set by Crowell of Oregon in 1930.

Adams also won the low hurdles in :13.9 over a distance much shorter than will be required in the conference meet.

440-Yard Dash  
Prugh of Mt. Morris failed to better the record in the 440-yard dash when he was clocked at :57 with the record standing at :54 and set by Thompson of Rock Falls in 1934.

Voss of Morrison holds the record for the 880-yard run with a time of 2:10.5 and yesterday Wilson of Polo won the event in 2:14. Stauffer of Polo won the high hurdles in 17 flat yesterday which is nine-tenths of a second short of the record set by Covill of Amboy in 1937.

The shot-put mark doesn't seem to be threatened by any weight man of the three teams of yesterday. Pelsma of Oregon won the event with a heavy of 42 feet 5 inches with the present record at 46 feet 6½ inches and set by Kump of Mt. Morris last year.

Pole Vault  
Bascain of Oregon won the pole vault yesterday at a height 3 feet and ½ inch below the record of Kimmel of Mt. Morris.

Waters of Polo, Terry of Polo and Thayer of Oregon all threaten the high jump record when they tied for first yesterday at a height of 5 feet 7 inches which equals the record set by Griffith of Amboy in 1939.

Kump of Mt. Morris seems to have a fair chance to retain the discus mark he set last year at 137 feet, unless one of the other four conference teams can produce a weight man with platter-skill to out-toss Terry's winning heave of 118 feet 6½ inches yesterday.

Adams of Polo won the broad jump with a leap of 19 feet 2 inches yesterday. The record is held by Ritchie of Morrison when he established it in 1935 at 20 feet 5 inches.

Oregon's relay team won the event yesterday in a time of 1:38 which is better than the record of 1:38.9 set by Oregon in 1930.

## STEWART WINS SOFTBALL TILT AT LEE CENTER

In the first softball game of the season the Stewart high school team trounced Lee Center, 15 to 6, yesterday on the losers' diamond.

The slugfest featured plenty of hitting by each team, but the Stewart boys had more success in pushing their runners around the base paths. Kirby, hurling for the Stewart winners, allowed 14 hits, walked two and struck out four.

Blackwell did the chucking for Lee Center and he was rapped for 15 hits while he walked three and struck out three.

Case of the losers boosted the Lee Center score two runs when he clouted a homer in the fifth inning with one aboard.

Heavy hitting for the Stewart club was done by Shortfielder Anderson who got three hits in four trips to the plate for a .750 average. In the .500 class were Kirby, C. Cole, Lichty and Cook.

Tomorrow night the Stewart high school hard ball team will play Malta at Stewart.

## Southwest Ready to Go "All Out" For Golf Tourney

New York, May 20—(AP)—The southwest is getting ready to support its first National Open golf tournament in a big way and as a result Dallas, Houston and Tulsa have supplanted New York, Chicago and Philadelphia as the principal centers for the sectional qualifying rounds next Monday.

Dallas is the qualifying location for the section where the big tournament will be played—at Fort Worth's Colonial club, June 5, 6 and 7. This district contributed 126 entrants to the total of 1,010 who will try to qualify in 27 different locations. Chicago, always a hot spot in golf and looking after a big territory, is second with 104 entries and Pittsburgh third with 80. Then come Tulsa with 69, Detroit with 68 and Houston with 67, all ahead of New York's metropolitan district which generally is either first or second. New York's total this year is 65.

Total Entry List  
The total entry list for the 1941 open, announced yesterday by the United States Golf Association, is 1,052. Of these 33 are exempt from the sectional qualifying rounds because they were among the low 30 scorers and ties for 30th place last year. Eight former open champions who didn't rank high in the 1940 tourney also were granted exemption under a ruling made this year, and the home club pro, Bob Byrnes, also is exempt.

As a result there will be just 128 places in the main tournament for the 1,010 golfers to shoot at Monday. The field at Fort Worth will be limited to 170 starters, the same as it has been since 1936.

## GEDEON, FORMER BIG LEAGUE BASEBALL PLAYER, IS DEAD

San Francisco, May 20—(AP)—Joe Gedeon, 48, former major league baseball player, died yesterday of a liver ailment. He went to Washington in the American League in 1912 from San Francisco of the coast league. He also played with the St. Louis Browns and New York Yankees.

In the Chinese language, there are 145 different meanings to the letter "T".  
(P), Merriman (MM), and Pelsma (O), all tied for fourth. Height—5 feet, 7 inches.  
Discus—Won by J. Jerry (P); Etnyre (O), second; Weyrauch (O), third; Smith (P), fourth. Distance—118 feet, 8½ inches.

Broad Jump—Won by Adams (P); Ferguson (O), second; Bascain (O), and Thurston (O), tied for third and fourth. Distance—19 feet, 2 inches.

880-Yard Relay—Won by Oregon; Polo, second; Mount Morris, third. Time—1:38.

## Mt. Morris Graders Defend Softball Crown in Ogle County Tournament

(Telegraph Special Service)

Mt. Morris, May 20—The Mt. Morris grade school softball team successfully defended its title as Ogle county champions in the spring softball tournament held at Mt. Morris on Saturday. This makes the third consecutive time that the Mt. Morris team has won the softball championship. By winning the tournament this spring they gain permanent possession of the trophy awarded by the Ogle County Grade School Association. This is the first time in the history of the Association that any school has been able to gain permanent possession of any of the athletic trophies.

This tournament was originally scheduled to be held at Rochelle but because of unsatisfactory playing conditions at Rochelle the tournament officials voted to play the games at Mt. Morris. The tournament officials wish to express their appreciation for the fine way in which Sol Avey of Mt. Morris handled the officiating. He was assisted by Dale Lizer, Carl Personette, and Carl Summers.

Too Much Power  
In the first game of the tournament Oregon carried too much power for the Forrester team and won an extra inning game by a score of 9 to 5. Forrester came from behind to tie the score in the seventh inning but could not stop the Oregon team which scored four times in the eighth for their victory.

Mt. Morris defeated Kings by a score of 12 to 3 in the second game. Drumheller and Ted Incontro with seven hits between them led the attack for the winners. Knodle pitched seven-hit ball while his team mates gathered 14 safe hits off the delivery of King who pitched for the Kings team. One of the features of the tournament occurred in the sixth inning of this game as the Mt. Morris team executed a triple play. In this inning Sexton and Harleman led off with singles and with runners on first and second Baker lined to Bartow playing third for Mt. Morris who tossed the ball to Rohleder, covering second to double Sexton. Rohleder then tossed the ball to Fravert at first in time to double Harleman for the third out. This play was executed so fast that most of the spectators were unaware of what took place.

Rochelle Wins  
In the final game of the first round the strong Rochelle team had little trouble in defeating Monroe Center by a score of 11 to 5.

In the first semi-final game played Saturday afternoon Rochelle defeated Oregon by a score of 13 to 7 as the hard-hitting Rochelle team made seventeen hits off the delivery of two Oregon hurlers.

In the second semi-final game Mt. Morris defeated Polo in one of the fastest games of the tournament by a score of 4 to 1. Knodle held Polo to three singles as Mt. Morris made eight hits good for four runs and the right to appear for the sixth straight time in the finals of the Ogle county tournament.

In the final game the Mt. Morris boys played one of their best games of the season to defeat Rochelle by a score of 16 to 7.

## Athletic Awards For Minor Sports Given at Illinois

Champaign, Ill., May 20—(AP)—Versatile Laverne Astroth of Alton, Ill., is the new captain of the University of Illinois baseball team.

Astroth, varsity second baseman and football halfback, was elected 1942 leader yesterday by his teammates as the athletic council awarded letters and numerals in baseball, polo, wrestling, track and spring football.

Letter winners follow:  
Baseball: Astroth, Boyd Bartley, Russell Drescher, Robert Finn, Alan Grant and Chester Zienna, Chicago; Amo Bessone, Springfield, Mass.; William Brewer, University City, Mo.; Charles Campbell, Armstrong; John Drish, Bervyn; Paul Milosevich, Zeigler, and Robert Wahl, Murphysboro.  
Track: Gerald Elders, Christopher; Don Kienlen, Elgin; Paul Mail, Robinson; R. A. Pollard, Burnt Prairie; John Sikich, Robert Starck, Chicago.  
Polo: Robert McCrounkin Overland, Mo.  
Numerical winners follow:  
Football: Mathew Atkinson, Lake Bluff; Robert Cooper, Chilli-cothe; David Davidson, George Fitzgerald, Marvin Gordon, Joseph Kerwin, Howard Mathis, Erwin Oehlerking, John Strong, Byron Zimmerman, Chicago; W. E. Ellis, Washington; Wally F. Fehr, George Hebron, Evanston; Lawrence Ferolie, Rockford; Robert Goforth, Brownsville, Tex.; Howard Griffler, Champaign; Ralph Hankermeyer, Forest Park; Robert Riss, Streator, and Robert Rowan, Elmhurst.

Polo: Orange Apple, Frederick Ernst, Richard Evans, Jerry Mor-du, Robert Haas, Wesley Simmons, Charles Wurmstedt, Chicago, Ed-

The champions made eighteen hits and came up with several fine fielding plays to keep the strong Rochelle team in check. John Bartow relieved Knodle in the first inning and pitched the best game of his career holding Rochelle to four hits for the remainder of the game. Daub and Countryman with two hits apiece led the attack for their team while Shank, Ted Incontro, Drumheller and Deneau with three hits apiece featured the hitting attack of the champions. Several Mt. Morris boys played their last game for the local school. These boys are Dick Shank, John Bartow, Andrew Ross, Oral Miller, Floyd Drumheller, Harold Downing, Paul Fravert, Glenn Alter, Jim Rohleder, LeRoy Deneau, Bruce Martin, Bob Haag and Harold Starlet.

## SPECIAL FEATURE

As a special feature of the tournament this year the Grade School Association sponsored a miniature relay carnival which included the regular 220 yard relay, the 220 yard shuttle relay and the fifty yard dash in two weight divisions. The Mt. Morris lightweight relay teams won both relay races in their division while the local heavyweight relay teams ran third in both relay races in their division. In the heavyweight division Rochelle won the 220-yard shuttle relay while Oregon won the regular 220 relay. The results of the various events are as follows:

50-yard dash (lightweights) — 1. Fell, Monroe Center; 2. Wolf, Polo; 3. Dresser, Monroe Center; 4. Bassler, Oregon. (Heavyweights)—1. Sweeney, Oregon; 2. Mesbig, Rochelle; 3. Westbrook, Rochelle; 4. Pickering, Oregon.

220-yard shuttle relay (lightweights)—1. Mount Morris; 2. Oregon; 3. Rochelle. (Heavyweights)—1. Rochelle; 2. Oregon; 3. Mount Morris; 4. Polo.

220-yard regular relay (lightweights)—1. Mount Morris; 2. Polo; 3. Rochelle; 4. Forrester. (Heavyweights)—1. Oregon; 2. Polo; 3. Mount Morris; 4. Rochelle.

## ROCHELLE NET SQUAD DEFEATS FREEPORT, 6-2

Playing on the home courts yesterday, the members of the Rochelle Tennis club defeated the Freeport netmen, 6 to 2, to become one of the potentially strong teams of the southern division of the Rock River Valley Tennis league.

The Hub city netmen won four of five singles matches and two of three in the doubles.

In the singles Don Allen of Freeport defeated Vincent Carney of Rochelle, 6-3 and 6-4. Bob Lyster of Rochelle whipped Paul Steffen of the invaders with duplicate counts of 6-2 and 6-2. Stan Anderson of Rochelle eliminated Alex Steenrod with easy sets of 6-1 and 6-1.

Glen Olson of the winners won on a default with scores counted as 10-12 and 7-7 in a match with Williams.

Claude Hazelton defeated Borchers of Freeport, 6-2 and 6-1, and Lyle Kunde of the winners defeated Kircher of Freeport with scores of 6-4 and 6-4.

In the doubles Vanderpool and Flanagan thumped Rubendall and Kircher of Freeport, 6-1 and 6-2. Larson and Kunde finally vanquished Allen and Steffen, 7-5 and 6-4.

In the only match won by Freeport, Steenrod and Gray defeated Harris and Wright in the longest match of the day with scores of 6-4, 3-6 and 13-11.

Changes in Relief

(Continued from Page 1)

observers believe it will it may be found desirable to effect some form of consolidation during the next biennium, beginning in 1943. The committee's recommendations included changing the name of the Illinois Emergency Relief Commission to "Illinois State Aid Commission, or some other suitable designation."

Other Recommendations

1. Intensification of re-employment promotion efforts.
2. Exclusion of town funds from the ten per cent administrative cost limitation.
3. Reduction of the residence requirement within a township or county from three to six months, but retention of the three-year state residence requirement.
4. More systematic exchange of information by public aid agencies to prevent duplication of assistance to recipients.
5. Wider use of the stamp plan for distribution of surplus commodities.
6. Exempting insurance up to \$500 in considering relief applications.
7. Removal from counties of responsibility for medical care and burial of indigent persons not classified as paupers, and placing it with cities, villages, towns and townships.
8. Shortening of period between estimation of needs by local relief administrators and the allocation of state funds.

Would Extend Time Limit

In recommending an intensified drive to place employable persons in jobs, the committee said it favored continuation of the Illinois State Employment Service, registration with the state employment service of all employables before they may obtain relief, and extending the time length of unemployment compensation payments from the present 16-week limit to 20 or 24 weeks.

The report said such an extension would be possible without additional cost to employers, and added that "it would keep off relief for a longer time persons who have lost their jobs."

An intensive employment effort, the report said, "is needed, not only to hold a minimum the very great burden of public assistance on the taxpayers but to prevent the growth of a body of our population who have lost the desire to support themselves, or who are losing the skills which formerly made them independent."

The commission report favored cooperation of local townships in administration of relief through a plan now used in St. Clair county under which a half-dozen townships have engaged a single relief administrator.

Further Increase in Gasoline Price Expected by Trade

Tulsa, May 20—(AP)—The nation's defense effort has spread higher crude oil prices through six states and a sharper upward trend was forecast today for filling station gasoline prices.

Shell Oil Co., Phillips Petroleum Co. and Skelly Oil Co., posted a 10-cent a barrel increase for crude oil they purchase in Texas, Oklahoma, Kansas, Louisiana, New Mexico and Illinois. Most other major companies were expected by oil executives to follow.

The industry's leaders declared the price increases had been expected for some time because of increased labor and material costs. The stimulus of the gigantic national defense program to industry and to motoring in general has increased demand for oil products about 15 per cent.

The upward price movement began April 1 after crude prices had remained virtually unchanged for about three years. The first increase was five to seven cents a barrel. Illinois since has received another five-cent increase.

Gasoline prices have strengthened over the same period and now are almost a cent a gallon higher at the refinery than 60 days ago.

Marketmen declared they expected another increase in filling station prices—probably a half cent to a cent a gallon higher. The new crude oil prices gives Kansas and Oklahoma a top of \$12.5 a barrel; Illinois \$1.37, with the tops in New Mexico, Louisiana and Texas ranging from \$2 cents a barrel to \$1.29 depending on the producing area.

Cornerstone of Nancy Hanks Memorial Laid

Lincoln City, Ind., May 20—(AP)—The cornerstone was laid today for a commemorative building near the grave of Nancy Hanks Lincoln and the site of the cabin in which her son, Abraham Lincoln, spent part of his boyhood. Governor Schriker and other state officials participated in the ceremony.

Col. Richard Lieber, who as head of the state conservation department led the way for creation of the Nancy Hanks Lincoln Memorial Park, was one of the principal speakers.

Less than 3 per cent of the pilots or captains and less than 8 per cent of the co-pilots or first officers among airlines pilots and co-pilots who are military reservists have been called for military service.

EARLIEST TOMATO VARIETIES SHOULD BE PLANTED NOW

A crop of the earliest slicing tomatoes, which will help insure the success of the recently announced U. S. D. A. food-for-defense program, can be harvested by setting out a few plants of the earliest varieties such as Break-of-Day, Bonnie Best or John Baer from about May 15 to May 25, according to Home Adviser Marian Symson.

"At the same time, set out a much larger number of plants of such varieties as Early Baltimore, Praiseanna, Pritchard, Rutgers, Indiana Baltimore or Illinois Baltimore for canning and processing," the Home Adviser said.

Lee A. Somers, extension vegetable specialist of the University of Illinois College of Agriculture, says that direct seeding may be done if it seems unlikely that good plants will be available to transplant.

"However, if this is to be done, it must be done very soon. The method is simple. First, prepare a fine seedbed, then sow the tomato seeds at the rate of 20 to 25 to each square foot in shallow furrows. Do not allow the soil over the seeds to bake or harden. Thin the plants out when they are four to six inches high, but do not allow them to become long and stretchy. Leave one plant every 2 1/2 to 3 1/2 feet."

Direct seeding is advocated for home gardens only when good plants for transplanting can not be obtained or when earliness is not important. Commercially, it is advisable only when the soil can be prepared with extra care, is free from grass or weed seeds and does not harden or break over the seeds.

by Gen. Charles DeGaulle's "Free French" troops with British aid. At the same time, the Vichy government suspended the granting of visas for Martinique. France's only route of direct communication with the Americas, as a result of "the uncertainty of the situation of French possessions in America."

Ankara reports said the ranks of Syria's next-door neighbor, Iraq, were being swelled rapidly for the fight against Britain by volunteers from soviet Russia, Afghanistan and Iran (Persia).

Hint Germany Takes Hand

There were hints that France's German conquerors had a hand in the Vichy stand—demanding that France re-establish control of all her colonies, or even grant the reich colonial concessions, in return for a relaxing of the armistice terms.

British suggested France even might be persuaded to return to the reich the Togoland and Cameroonian colonies Germany lost in the World war.

The official French information office declared that time has been wasted by the Vichy government to the Dr. Gaullists—Gahon, the Cameroons and Chad, parts of French Equatorial Africa.

The information office said British planes had dropped over Syria messages written by "Rebel French" military leaders in an effort to win the Levant territory away from Vichy control.

It was there that French anti-aircraft gunners fired back yesterday when the British flew over or repeated bombings of Syrian bases used by German planes striking on into the Middle East conflict in Iraq.

Troops From Ethiopia

The British, bolstering their forces in Iraq and Palestine as well as along the Egyptian-Libyan frontier were expected to draw additional thousands of troops from Ethiopia, where the surrender of the Duke of Alai and 7,000 Italians at Addis Ababa left only two real centers of fascist resistance.

The British watched the developments in Syria closely and some observers said if an open rupture between Vichy and London resulted from the Middle East tension the British and "Free French" probably would move at once to take over French Somaliland.

Berlin also regarded the Middle East developments as especially significant. Nazi commentators declared that the shutting off of Britain's oil supplies from the rich Iraq fields along with the toll of tankers taken by German submarines and bombers seriously impaired Britain's fuel supply.

These sources said Britain's oil-carrying fleet had lost 55,000 tons since May 1, with 15,000 more tons damaged severely.

The War Today

ence between a sort war in Europe and a conflict of attrition which would leave the world flat on its back, no matter who "won".

And what is the basis for believing that Japan is ready to do business? For one thing she is making no bones of her desire to inundate the China affair, as she calls it. She is in a bad way economically, and finally recognizes that it would take many years more to conquer China, if it could be done at all. A large proportion of her essential supplies come from America, and her sale of products here is vast.

Well informed sources close to this situation tell me they believe Japan would agree to withdraw from China militarily in exchange for full economic cooperation by the Chinese. This being so, Generalissimo Chiang Kai Shek could make peace on such terms, provided the United States recommended it.

They tell me, too, that Japan would be prepared to reaffirm the open door policy for America and other western powers. The Japanese also would agree to forego anything more than economic penetration in further development of their program of a new order in the Far East.

If this does indeed represent Japan's present feeling, as I believe then it must be of mutual advantage for the two countries to try find a solution of their differences.

who charged that the appropriation bill actually provided for expenditure of \$68,000,000—although only \$61,000,000 is appropriated—and said it was "likely" that the legislature would be called into special session to appropriate more funds if a crisis developed next winter.

The bill provides for relief spending at the rate of \$3,000,000 a month from July 1, 1941, until July 1, 1942, and at the rate of \$2,357,000 for the 12 months thereafter. Relief spending during the rest of the last year was at the rate of \$3,900,000 a month and currently relief expenditures are running at \$3,000,000 monthly.

Employment and Wages in Illinois Increase

Chicago, May 20—(AP)—Employment and wages in Illinois, spurred by increased industrial activity, were pictured by the state department of labor today as registering the greatest month-to-month gains in the past 18 years.

The department said that reports from 6,332 Illinois firms employing 689,496 persons showed that wage payments in April jumped 4.9 per cent over March and the number of wage earners increased 2.6 per cent.

Average weekly earnings in April, calculated at \$29.69, were 45 cents higher than in the preceding month and \$2.69 above the average of April, 1940.

Passengers, Crew

(Continued From Page 1)

in occupied territory the crew and passengers were taken. Nor would they say where the sinking occurred.

To a question whether the Zamzam was destroyed by U-boat, the spokesman said "it's hardly to be assumed that a submarine could take hundreds of survivors aboard."

Nothing Added to Reports

The Germans added nothing to reports aboard that the Zamzam carried men and equipment of a British-American ambulance unit. It was stated, however, that the most careful inquiry established that the ship was loaded with large quantities of goods listed as contraband.

It was understood here that war materials aboard were intended for General Charles De Gaulle's "Free French" forces, probably in some colony.

"The excited comment in Anglo-Saxon lands (over the Zamzam) is a fine example of irresponsible war agitation without regard to facts," one source said.

In New York, meanwhile, Thomas Cook & Sons, passenger agents for the Zamzam, announced they received a message from their Cairo office this morning stating: "Understand Captain Smith safe. Hope advise you further shortly."

The agency said it was its custom to use the names of captains instead of the names of ships in messages and that this message therefore would mean to them that the Zamzam itself was safe.

U. S. ASKS DETAILS

Washington, May 20—(AP)—The United States asked for full details from the German government today about the 138 Americans reported at Berlin to have been saved from the Egyptian liner Zamzam.

The state department, lacking official information about the sinking of the ship and the German announcement that all passengers and crewmen were saved, cabled the American embassy in Berlin to obtain the information.

The American government's chief interest in the case now was in the welfare and return of the American nationals.

Also in New York, the American Export Lines, freight agents for the Egyptian Line, declared the Zamzam carried a general cargo containing no war materials, unless the ambulance unit was considered as such by the Germans.

There were "absolutely no munitions or chemicals" taken aboard in U. S. ports, a spokesman said, adding it was felt certain none had been loaded in South American ports.

"Even paint with a low flash point was not permitted on the boat because of the war and the number of passengers," he said.

While missionary and British-American ambulance Corps officials expressed relief when told of Berlin's announcement, the president of the latter, William V. C. Ruxton, said the loss of nearly

\$100,000 worth of equipment on the vessel was an argument for U. S. navy convoys.

## Fabric Fashion Review

A number of the local 4-H girls and their leader, Miss Agnes Truckenbrod, went to Princeton on Saturday to attend the Fabric Fashion Review. The stylist for the occasion was Miss Mary Omen, who was sponsored for the event, by the J. C. Penny clothing company. The style show is among the first of the many such events that will be attended by the local 4-H club members of Paw Paw. The show was held at the Princeton high school auditorium.

Those Paw Paw 4-H club girls attending were: Corda Rogers, Patty Boyle, Carol Coss, Elaine Schlesinger, Marjorie Rosenkrans, Muriel Smith, Doris Hackman, Jean Cooke, and Carol Jean Rosenkrans, and Miss Agnes Truckenbrod.

## Grange "Mock Wedding"

On Friday evening the local Grange held a regular meeting at the hall. According to all reports the program given was one of the best ever presented. A mock wedding, featuring Ben Ullch as the bride, gave the large crowd on hand, laugh after laugh. The play-let also had all the wedding trimmings, bridesmaids, ringbearers, and flower girls to make the event a real success. Prizes to the various individual winners were given. Included among the many prizes was an electric stove, card tables, ash trays, glasses, and many other such useful items. A fine lunch was served by a committee. Without a question this Grange program was one of the big highlights of the year.

At the regular business meeting, it was announced that the cooking school held annually by the Grange, will take place at Franklin Grove, on May 29. All wishing to attend may obtain tickets from any Grange member.

## Commencement for Paw Paw

The forty-ninth annual commencement of the Paw Paw high school will be held on Thursday, May 29 at 8 P. M. from the high school auditorium. The first graduating class at Paw Paw was in 1842, accordingly 1941 should mark the semi-centennial of Commencements at the school. However, during the year 1896 when the school changed from a three year high school to a four, there was no graduation.

The members of the graduating class will present the program as follows:

Piano prelude—Miss Grace Larsen.

Invocation—Rev. James Hager-

ty.

Song, "Drink to Me Only With Thine Eyes" by the high school chorus.

Vocal solo—Wesley Coss.

Social Science at Paw Paw High School—Betty Barton.

History of Education at Paw Paw—Junior Brewer.

Accordion solo, "Verona"—Lois Tarr.

Commercial studies at Paw Paw High School—Robert Kinman.

Dialogue, (written by Helen Volkert)—Elmer Walter and Wilbur Althaus.

Song, "Within a Dreaming Harbor"—High school chorus.

Vocal solo, "Carmina" and "Hail To The Springtime" by Alice Locke.

Reading, "Advice to Parents"—Dorothy Buchanan.

Presentation of Diplomas—Supt. H. C. Barton.

Benediction—Rev. James Hager-

ty.

## Bridge Party

Mrs. Lawrence Gallagher entertained the members of the East Paw Paw bridge club at her home on Friday afternoon. The event was held in honor of Mrs. C. A. Moore's birthday. The guests present gave her many lovely gifts. The hostess served a very dainty lunch. Mrs. Lewis Clemmons took first prize for the games and Mrs. C. A. Moore, low.

## F. F. A. Big Success

The F. F. A. project of the Vocational Agricultural Department of the Paw Paw Community High School completed 27 farm projects for a profit of \$3,160.28. Sixteen high school boys had a total of \$4,552.37 worth of marketable goods. Hog and corn raising were the highest money making projects. The report was given by instructor C. E. Wick and this report shows clearly that the local department stands high in the state leaders.

## Work Overtime to Meet Demands for Contour Farming

Technicians of the CCC Camp have been working overtime trying to meet the demand from farmers for contour farming, reports John F. Hayden Camp Superintendent. Farmers have been quick to see the advantages of plowing and planting on the level across the slope to conserve moisture and prevent erosion.

The Thomas neighborhood group just west of Oregon is rather typical of the cooperation of farmers with the Soil Conservation Service.

"This type of farming looks good to me. There is no use of working my head off, milking cows and hauling manure out on these slopes, applying limestone, phosphate and growing alfalfa then have it all wash away," said Ed Thomas. "I am going to farm on the contour and hold this fertility," he continued, "this I might add is the feeling of a good many farmers."

H. T. Thomas, Charles Davis, Edward B. and John E. Thomas, N. H. Doeden and S. Jay Thomas, all neighbors living along route 61 are carrying on soil conserving practices.

There is only one of fifteen neighborhood groups carrying on contour farming methods. Based on experience of farmers last year the increase in yield and control of erosion was accomplished by contour operations.

## DEVRIES—LUDWIG

On Thursday evening at 8 o'clock, at the parsonage of the Forreston Grove Presbyterian church, the marriage of Miss Gladys DeVries, daughter of Mrs. Henrietta DeVries, and Marvin Ludwig, son of Mr. and Mrs. Ray Ludwig, was solemnized, the Rev. S. G. Manus performing the double ring ceremony.

The bride was attired in a gown of beige tulle, with a shawl of brown accessories, and a shoulder corsage of tulle and roses.

The attendants were Miss Emily DeWall and Herman Meinders. Miss DeWall wore flowered blue crepe, and her corsage was of sweet peas.

### Milk Mixture for Stomach Ulcers

A recent medical discovery now being used by doctors and hospitals everywhere has proven unusually successful in the treatment of stomach ulcers caused from excess acid. It is a harmless preparation yet so effective that in many cases the pains of stomach ulcers disappear almost immediately after it is used. Also recommended for gas pains, indigestion and heartburn due to hyperacidity. Sufferers may now try this at home by obtaining a bottle of Lurin from their druggist. Lurin contains this new discovery in the purest form. Easy to take. Just mix two teaspoonsful in a glass of milk. Cost but little and sold under an absolute guarantee—it must satisfy or money refunded. Lurin for sale by Ford Hopkins and drug stores everywhere.

## Tent-Maker Asks Recall of Contract for Army As Strike Hits Plant

Springfield, Ill., May 20—(AP)—A tent manufacturer whose plant closed after a dispute over organization by the CIO of his 115 employees, announced Monday he had asked the federal government to recall a contract for 2,500 army tents.

W. C. Armbruster, manager of the tent and awning company, said that half of an order for 5,000 tents had been completed, but that work was suspended after employees received threats.

The Armbruster plant has been picketed by CIO unionists for more than a week.

"No contract is worth the risk of bodily harm to anyone," Armbruster said. "I have asked the government to recall the order and materials for the additional tents."
